The GSA is the official voice of UCalgary graduate students. We support your success during and after your academic endeavours through responsive programs and initiatives.
The past year presented many challenges. From major impacts to the campus community brought on by the COVID-19 pandemic to challenges in home countries, graduate students at the University of Calgary were pushed to their limits. Although many of these challenges are enduring, the resiliency of our community built up of our members, volunteers, GSA staff and executive team never waivered. Though the year brought unprecedented challenges it also brought out unprecedented ingenuity and adaptability. We learned how to do things differently which oftentimes led to more efficient and effective processes and service delivery.

It was certainly a unique year for the GSA as it was the first time the team operated completely remote for the duration of the year. All GSA programs and services were successfully delivered to our members virtually as we quickly pivoted to providing our events online with paint nights, game nights, yoga, dance, strength training, and other activities that connected students to each other from the comfort of their homes. Our discounted ticket program continued to serve graduate students great discounted tickets to the Calgary Zoo, West Edmonton Mall, the Royal Tyrrell Museum, Sunshine Ski Village and so much more! We were even able to go virtual for many of our regular events.

Considering the unique challenges faced by graduate students during the year, we were proud to once again provide our students with additional support through our Empower Me program, a mental health support service that was available 24/7, 365 days a year. We saw great strides in the development of our new awards website which will provide students with a user-friendly experience allowing them to easily access and apply for GSA Awards starting in Summer 2021. The GSA also developed a standing Equity, Diversity and Inclusion committee to support our community and began building better practices within our everyday GSA operations to ensure we are well-equipped to support the diverse group of members the GSA represents.

The GSA’s focus on student advocacy continued throughout the year and saw numerous wins including securing affordable transit options for graduate students amidst the temporary cancellation of the UPass, improvement to residence building maintenance, improved internet service, and reducing the residence and student service fee increase. We successfully had fees waived to University services inactive during the COVID-19 pandemic and received an increase in promised funding for the Tuition Reinvestment Bursary. The GSA worked with other graduate student organizations to fight against egregious proposals during the Alberta 2030 Systems Review consultation process. Through advocating for the renewal of dedicated mental health funding for all post-secondary institutions in Alberta, we received a three-year renewed mental health grant near 2020 levels, along with a number of other advocacy achievements and progress which is detailed in this report.

The GSA’s success this year could not have been achieved without our incredible graduate student volunteers serving as leaders and members of our committees and subcommittees. These dedicated individuals helped the GSA deliver for our members and I can not thank them enough for their courage and strength to lead during such trying times. I want to thank my fellow Board of Directors, Alex, Christine, Mary, and Kabita for their hard work and dedication throughout the year. Balancing your academic programs and GSA responsibilities is no small feat and you all found your stride, delivering huge in your GSA role as well as continuing with your studies. I am so proud of what we have been able to accomplish together, and I am so grateful to have had each and everyone of you contribute to the decisions made over the past year. Last but definitely not least, I must thank our wonderful GSA staff. These individuals have kept the organization moving and supported us in our roles throughout the year. The GSA would not exist without the hard work and dedication of our staff team and I am forever grateful for their hard work, understanding and flexibility as we navigated this year together. The past year was certainly not one where we could continue on as we had in the past and the staff team was always coming up with new innovative ideas to face challenges with a problem-solving mentality.

I am honoured to have served as the 2020-2021 GSA President and have been grateful of the unwavering student support that I have received over the past year. I eagerly await the future challenges as I am grateful to once again serve as the President for 2021-2022, representing the most dedicated, passionate, and resilient graduate student body.

Yours truly,
Tanille Shandro
GSA President
2020-21 and 2021-22
The GSA represents:

6,994 graduate students

4,650 Master’s Students
1,700 PhD Students and Candidates
644 Certificate and Diploma Students
1,300 Academically Employed Graduate Students
(Graduate Teaching Assistants, Graduate Research Assistants, Graduate Non-Teaching Assistants)

Organizational Sustainability

2020-21 Executive Board Legacy Plaque
“Three days after I was elected President, we shut the GSA office doors and sent everyone home. This is not the legacy I planned on leaving behind but with the world’s best staff, executive board and volunteers we were able to fill this year with major successes and support each other through incredibly challenging times. I am so proud of everything the GSA accomplished as we became more collaborative, stronger advocates, leaders in the online student life space, developed stronger supports for students and developed an EDI framework. I will be forever grateful and honoured that the graduate student body chose me to represent and lead them. Thank you all.”

Tanille Shandro, President

“There are no words to describe how amazing this journey has been. If I have learned anything from this position, it is that actions speak louder than words and no job is ever done alone. These positions will test you in many ways, but it is important you remember who you are fighting for.”

Alex Paquette, Vice President Academic

“It’s a bit of a cliché to call this year unprecedented, but there’s also no other way to describe what happened. A global pandemic was just the cherry on top for a year filled with non-stop advocacy action, but I’m glad that I had the amazing GSA team by my side through it all. I’m grateful for the challenges I faced, the experiences I gained, and the friends I made along the way. My effort invested, time spent, and organs lost was all worth it, if it meant that I served my fellow graduate students well this year.”

Christine Cao, Vice President External

“I am so grateful for this opportunity and the support from the GSA board and staff over the year. I couldn’t have gone so far without them. This rewarding experience helped me gain valuable skills and meet so many passionate and absolutely amazing graduate students. I am proud that we provided numerous online events for our graduate students during the pandemic and kept our students connected no matter where they are in the world!”

Mary Zhang, Vice President Student Life

“Going from ‘no idea about finances’ to “Ooooooooh I loveeee Finances!”, serving as VPFS was quite an experience! Very proud to have successfully revamped the GSA H&D fee structure, actually reduce H&D fees & present budgets at the GRC with the confidence that I know what each budget line meant! You do revamp your vocabulary quite a bit as an exec of the GSA; I now use the words “spicy” & “interesting” in contexts that neither involve food, nor anything interesting (Thanks Dru, Ed & Tanille!). Building friendships across the GSA team & watching breakfasts float around in the Zoom screens are some ‘magics’ you rarely witness in real world.”

Kabita Baral, Vice President Finance & Services
Staff

7
Improving Student Representation and Advocacy

The GSA engages in meaningful consultation, research, and policy development in order to relentlessly advocate for the changing needs of UCalgary graduate students to the university and all levels of government.
Advocacy Wins

At the University:

After the UPass was cancelled in Spring 2020, the GSA advocated for, and succeeded in obtaining, affordable transit options for graduate students. We obtained a 40% discount on transit booklet passes, and advocated for graduate students to pursue the Fair Entry Program with the City of Calgary, where students can receive discounted monthly passes based on their income level.

The GSA focused on improving the quality of life for graduate students with families at Varsity Courts. With the help of the Residence Consultation Committee, we successfully advocated for improvement to building maintenance and improved internet service. We also lowered the residence fee increase from 5% to 3%.

For the first time in the Senate’s history, graduate students obtained a voice at the highest level of the Senate through the Student Engagement Committee.

This year, the GSA focused on advocating for quality of life improvements during the annual tuition discussion. We successfully froze fee increases to services inactive during the COVID-19 pandemic. In addition, we received an increase in promised funding for the Tuition Reinvestment Bursary, and significantly furthered the discussion in increasing minimum funding for all thesis-based graduate students to $24,000/year.

The GSA was committed and engaged with the consultation process for UCalgary’s Growth Through Focus. We ensured the graduate voice was heard with the Growth Through Focus team through a dedicated Graduate Student Townhall and many feedback sessions.

This year, our graduate students’ health and safety was on the forefront of our minds as we advocate for institutional changes. Our COVID-19 advocacy wins includes the successful removal of Campus Recreation and Athletics Fee, the removal of invasive online proctoring software, and supporting the implementation of CR/F for graduate courses taken during COVID-19.

At the Municipal Level:

The GSA increased our connections with the municipal government through dedicated UPass advocacy with the City of Calgary Councillors, Calgary Transit, and Mayor Nenshi. We also strengthened the advocacy network with student organizations across Calgary with the Calgary Student Alliance.
At the University: For Academically Employed Graduate Students

The Labour Relations Committee (LRC), chaired by the GSA’s Associate VP Labour, administers the labour relations of the GSA and our academically employed graduate student members. This includes but is not limited to negotiating the Collective Agreement, handling disputes with employers, and advocating for a high standard of graduate student employment. The LRC exists to represent and support Academically Employed Graduate Students (AEGS) at the University of Calgary through education and advocacy.

Increase Awareness of the Collective Agreement
In the 2020-21 academic year, the committee continued its efforts to educate and empower employed graduate students while planning long-term strategies for its operations. The number of Lunch & Learns hosted increased to 20 from 10 the previous year and a social media plan has been developed to better reach members. Throughout the year, the committee has worked closely with student groups to advocate against workplace imbalances in their departments. The committee has also undertaken extensive research about the possibilities for AEGS representation following changes to the Post-Secondary Learning Act in 2022.

Administer Graduate Assistantship Contracts
In the 2020-2021 school year, the University of Calgary departments provided over 3,500 Graduate Teaching, Non-Teaching and Research Assistantship positions.

Compliance for Graduate Teaching, Non-Teaching and Research contracts have reached a high of 95%. This was made possible by ongoing communication between the Labour Relations Committee, the GSA, the University HR department, and all the departments in the University.

Partnership with the Public Service Alliance of Canada
The GSA enters into a partnership with the Public Service Alliance of Canada (PSAC) in August 2021 to better serve UCalgary Academically Employed Graduate Students at no extra cost to receive the following services from PSAC:

- access to PSAC’s labour professionals
- a professional PSAC negotiator to coordinate and support next year’s collective bargaining
- access to legal services related to arbitration proceedings and representation for members in other tribunal or court proceedings
- Union Education workshops and Union Local Development activities tailored to the needs of our members
- assistance in developing a union stewardship program throughout campus
- access to PSAC’s National Strike Fund
At the Provincial Level:

Alberta 2030 Systems Review Consultation: The provincial priority this year is for the GSA to provide the graduate student voice for the Alberta 2030 Systems Review. Together with other graduate student organizations across Alberta, the GSA fought hard against the more egregious proposals suggested throughout the consultation process, to ensure the graduate students of Alberta will continue to be well served by the post-secondary system.

Mental Health Funding Renewal: Throughout this year, the GSA advocated for the renewal of dedicated mental health funding for all post-secondary institutions in Alberta. In the 2021 provincial budget, we received a three-year renewed mental health grant at almost the same level as 2020.

Campus Sexual Violence Consultation: The Department of Advanced Education is conducting a review of Campus Sexual Violence policies across institutions in Alberta. Using the success from improving the University of Calgary’s Campus Sexual Violence policy, the GSA provided valuable graduate student perspective to the provincial policy review.

Strengthening abGPAC Connections: The Alberta Graduate Student Provincial Advocacy Council continues to play a pivotal role in student advocacy in Alberta. This year, abGPAC significantly increased the number of MLAs reached during Advocacy Week, and consequently expanded the advocacy network. abGPAC also formed stronger connections with other student advocacy organizations across Alberta, presenting a unified student voice in front of the Provincial Government.

The GSA is a member of the Alberta Graduate Provincial Advocacy Council (ab-GPAC) that advocates to the provincial government on behalf of Alberta’s graduate students.

About ab-GPAC: The Alberta Graduate Provincial Advocacy Council (ab-GPAC) is an inclusive, student-led, non-partisan organization that advocates to public, private and plural organizations on behalf almost 16,000 Science, Technology, Engineering and Mathematics (STEM) and Non-STEM graduate students. Its vision and mission is to enable the highest-quality post-secondary graduate education experience for our cohort to position them as the future global leaders to improve society.
At the Federal Level:

The GSA and the Canadian Alliance of Student Associations launched the largest online advocacy campaign in CASA’s history. Graduate students at the University of Calgary shared many of their concerns from mental health to international students. All of the anecdotes will be taken to Parliament Hill in Ottawa to be shared with the Federal Government.

The GSA was invited to the first alliance of Graduate Student Associations / Societies from the U15s across Canada. This was an important first step in presenting a unified graduate student voice directly to the Federal Government.

Graduate student asks were recognized in the Federal Budget 2021 through significant investment to CIHR and SSHRC, as well as increased opportunities in graduate work integrated learning through MITACS. The Federal Government also promised dedicated mental health funding, grants for indigenous students, and expanded rural broadband access. All of these asks were made by CASA to the Federal Government on behalf of graduate students.

International students had a difficult year entering and staying in Canada due to COVID-19. The GSA advocated to the Federal Government to allow new graduate students to enter Canada throughout the summer of 2020, and this ask was granted in October of 2020. We have also been continuously asking for a dedicated Permanent Residency pathway for graduate students, and a new PR pathway was made available to recent grads in May 2021.

The GSA is a member of the Canadian Alliance of Student Associations (CASA) that advocates to the federal government on behalf of post secondary institution students across Canada.

About CASA: CASA is a national voice for Canada’s post-secondary students. Established in 1995, CASA is a non-partisan, not-for-profit student organization composed of student associations from across Canada. We represent undergraduate, graduate and polytechnic associations. At its core, CASA advocates on behalf of post-secondary students to the federal government. When Canada’s leaders make decisions affecting our post-
Mental Health Funding

Christine Cao
University of Calgary

I am worried that without adequate mental health funding to post-secondary institutions, we will see even more of us unable to complete our degrees. Mental health is just as important as physical health, especially during this isolating pandemic, and we need these funding to build important safety networks for students.

Supports for International Students

Alex Paquette
University of Calgary

It can be difficult as an international student to get work experience in Canada. I believe that we need to provide more opportunities for international students to get internships and make sure the proper supports are in place for them to succeed in the internships they get.

Supports for International Students

Kabita Baral
University of Calgary

In addition to being exposed to new culture and environment, international students have to worry about jobs post-graduation. Internship and co-op opportunities for international students is limited to non-existent. It is imperative to ensure that international students have those opportunities like domestic students so that they can succeed in their career path.

Supports for International Students

Mary Zhang
University of Calgary

As an international student, I have faced many difficulties studying abroad, one of them being my graduate student study permit limiting me from accepting internship during my study. As an individual who would like contribute to Canada’s future, I feel disadvantaged from my peers. I was not able to have the industry experience that I could have to prepare me for my future career.

Access to Technology

Tanile Shandro
University of Calgary

The global pandemic has shifted much of the graduate student learning and working environment online, highlighting the need for proper access to technology. Financial supports to have proper technology to be successful as well as reliable internet access are student needs that must be addressed to ensure that students are able to meet their goals.

#CloseTheGaps Campaign
closethegaps.ca
Improving Student Engagement and Services

The GSA is committed to maximizing the impact of our services with the available resources through collaboration and consultation to support the successes of all UCalgary graduate students.
Volunteer Opportunities

In the 2020-21 academic year and as of June 14, 2021:

- 47 graduate students have joined the Volunteer Recruitment Program;
- 107 graduate students returning to the program from previous years;
- 45 volunteer opportunities to GSA members.

[gsa.ucalgary.ca/volunteer](gsa.ucalgary.ca/volunteer)

Student Groups

During the 2019-20 academic year, the GSA had:

- 51 active DGAs;
- 21 active GSGs;
- 369 events were held by the DGAs; and
- 124 events were held by GSGs.

Leadership Opportunities through Committees and Subcommittees

The GSA provides various leadership opportunities for graduate students through our Committees and Subcommittees:

- Governance Committee
- Labour Relations Committee
- Awards Committee
- Academic Support Committee
- Student Experience Standing Committee
  - Events Subcommittee
  - Mental Health & Wellness Subcommittee
  - GSA Gender & Sexuality Alliance Subcommittee
  - Newcomers & International Students Subcommittee
  - Community Engagement Subcommittee
- External Working Group
- Finance Standing Committee
- Sustainability Committee

[gsa.ucalgary.ca/gsacommittees](gsa.ucalgary.ca/gsacommittees)
**Financial Supports: Bursaries, Grants and Awards**

From May 2020 to May 2021:

- $170,191.67 approved for 138 bursaries;
- $24,648.59 approved for 52 Professional Development Grants;
- $51,499.21 approved for 43 GSA Awards,
- $188,228.00 approved for 32 Quality Money projects.

[gsa.ucalgary.ca/financial](gsa.ucalgary.ca/financial)

---

**Events and Discounted Tickets**

With COVID-19, all GSA events were hosted virtually this year with great success. Many of the events were run in partnership with the GSA committees and subcommittees.

Main events included:

- Orientation Week
- Halloween
- Destress Week
- Images of Research Competition
- Online contests
- Discounted tickets
- Bell Let’s Talk: Allan Kehler
- Academic Horror Stories

[gsa.ucalgary.ca/events](gsa.ucalgary.ca/events)

**Peer Beyond Graduate Research Conference**

Peer Beyond Graduate Research Conference received a major refresh this year and with that was one of our most successful events. Over 3 days, the event had 100 presenters, nearly 300 attendees, and gave away over $9,000 in awards. The GSA was also thrilled to have MLA Janis Irwin as our keynote speaker who shared her wonderful story.
Extended Health and Dental Plan

The GSA Health & Dental Plan serves over 3000 students and is designed to provide all GSA members with accessible and affordable extended health and dental care. The Plan is one of the largest and most complex services provided and managed by the GSA. It is professionally administered by Studentcare, and underwritten by Desjardins Insurance. The management of the Plan is overseen by the GSA Health & Dental Plan Committee. During the 2020-2021 academic year, the committee met regularly during a monthly standing time. The committee organized programming to engage plan members, responded to student needs during COVID-19, and prepared for the ending of the 2-year rate guarantee from the 2018-2019 competitive request for proposals (RFP) process.

Reduction in Fees

A 2-year rate guarantee is a locked-in plan premium from Desjardins. Coming out of the 2-year rate guarantee required the committee to review a number of reports presented by Studentcare to confirm plan premiums for 2021-2022. The plan premiums are the amount remitted to the insurer on an annual basis for the host of benefits available to plan members. The premium projection reports presented by Studentcare indicated that Plan usage is returning to normal levels after the dip that was experienced at the height of the COVID-19 pandemic. The cost analysis for the plan suggests that there will be upward pressure in the coming years as a result of a number of benefit enhancements the GSA made during the RFP process. The benefit enhancements were made in response to feedback from plan members, and were possible due to the financial savings experienced through the RFP process. Any excess money the Plan collects is transferred into the GSA Plan Reserve. The RFP allowed the Plan to build a healthy Plan Reserve, to be used to respond to upward cost pressures on the plan in the future. Despite plan premiums trending upwards for the 2021-2022 academic year, Studentcare was able to confirm a no-change renewal for the GSA with Desjardins. Furthermore, the committee took deliberate action to review cost savings for students through the process. Ultimately, it was decided that a slight reduction to the plan fee to reduce cost pressures on GSA members would be appropriate provided the status of the Plan Reserve. The committee continues to review and adjust the fee structure for dependent enrolments, bringing the fee structure closer to a standardized cost methodology.

Transition to the Alberta Provincial Drug Formulary

The Health and Dental Plan committee worked on transitioning the Plan’s old legacy Plan Drug Formulary to the Alberta Provincial Drug formulary. This is common best practice for student health and dental plans in the province and has been a goal for the committee for several years. This decision was made after reviewing drug claims data and the drug exception process which allows students to claim for drugs that are not automatically covered by the Health and Dental plan. This formulary switch allowed GSA members to continue to claim the drugs they need, while positively impacting the Plan financially.
Supporting Student Life

Achievements from the subcommittees of the Student Engagement and Events Committee

Community Engagement Subcommittee (CES)

The subcommittee accomplished two successful volunteer panels and two career panels. The career panels gave students insight into feasible volunteer and career opportunities from professionals in the field and the volunteer panels connected students with a diverse group of charitable and advocacy organizations within Calgary that were actively seeking out volunteers during the COVID-19 pandemic.

Additionally, a PenPal initiative was also initiated with the RockyView Foundation at two long-term care facilities. Furthermore, the CES made important contributions to the GSA Student Food Drive initiative as subcommittee members promoted it to their respective DGAs and solicited donations.

Events Subcommittee (ES)

The Events Subcommittee organized “active” (event was run synchronously via Zoom) and passive (through social media or other channels) virtual events. Two active events had high attendance and engagements: “Culinary Adventures with Chef Adam Ryan” was a cooking class led by head chef, Adam Ryan, from a popular Calgary restaurant, The Coup; and the “DIY terrarium with Golden Acre” was a plant night event led by Golden Acre Home and Garden. For all events, the subcommittee members volunteered for at least 2 events per semester and the tasks were divided based on committee members’ interests so that the workload was distributed equally. Since the events were virtual, there were no costs to rent space or provide food, and the extra funds were used to provide raffles for the attendees as an incentive to attend and participate. This also left the subcommittee with a bigger budget to bring in professionals to run events (eg: Head Chef from The Coup for the cooking event; Horticulturist from Golden Acre Home and Garden for the DIY Terrarium event, etc).

The GSA^2 Subcommittee hosted intersectional events through the Lunar New Year and Persian New Year events, two most successful events this year.

The subcommittee also published blog posts to spread awareness and advocacy throughout the year for relevant events including Calgary Pride, Transgender Day of Remembrance, and Transgender Day of Visibility.

Below is the list of the hosted events and published blogs:

- Blog Posts (3) for Calgary Pride
- Pride Trivia Night
- Inclusive Canadian Thanksgiving
- Rainbow Coffee Chat
- Queer Games Night
- 2SLGBTQ+ Movie Night
- Blog Post Trans Day of Remembrance
- Trans Day of Remembrance Flag Raising
- Open Letter from GSA2
- Gingerbread Decoration Competition
- Rainbow Coffee Chat
Mental Health and Wellness Subcommittee (MHWS)

Mental Health & Wellness Resource Guide: The Mental Health and Wellness Subcommittee developed a comprehensive resource guide for mental health and wellness resources available at UCalgary, within Calgary, and within Alberta. This up-to-date guide provides an overview of resources that may be beneficial for undergraduate and graduate students, post-doctoral fellows, staff, and faculty at UCalgary. It includes updated information relevant to the COVID-19 pandemic, including changes to hours, online services, and changes to services. The final version was disseminated to departments in the Winter 2021 semester.

Events: The MHWS hosted 11 online events during the 2020 – 2021 academic year (see Events table). The speaker events covered topics such as building balance and tips and tricks to manage our own stress, developing stress management and healthy coping skills, and healthy sexuality and sexual health. Additionally, during the month of March, we held a three-part series speaker event focused on anxiety disorders, women in STEM and mood disorders.

Bell Let’s Talk Day: The MHWS hosted Allan Kehler, one of Canada’s most sought-after speakers for mental health and wellness. A renowned mental health advocate, Allan Kehler shared his personal story as well as valuable life lessons. At the time of the event, there were 173 registrants, and 90 attendees as well as numerous inquiries after the event as to whether the event was recorded.

Social media: The subcommittee increased social media presence by close to 550 Instagram followers and created Canva templates to facilitate content creation and marketing.

Student-Supervisor Checklist: The subcommittee drafted a proposal to include a more well defined “well-being” subsection in the student supervisor checklist.

Newcomers and International Students Subcommittee (NISS)

The NISS delivered at least one event every month in the Winter 2021 semester. Collaborations between NISS and outside organizations including Glenbow Museum and Calgary Catholic Immigration Society went very well. NISS also utilized the platform Slack for deliverables from volunteers and communication. Volunteers were split up into three working groups and assigned to events throughout the semester. This worked very well and kept all busy.

NISS events include:

- How to live in Calgary
- Virtual Pumpkin Carving
- Workshop: Funding Applications
- Pub Style Quiz Night
- Tips and Tricks: Living in Canada
- Let’s talk Canada History
- Nowruz
- International Culture Discovery
- Managing Finances: a Discussion
Promoting Academic Work and Research

Image of Research Competition
in collaboration with the Faculty of Graduate Studies

Top Overall Winner:
“The spiral Down of Homeless in Calgary. Inclusive Affordable Housing, the way Up?” by Vincent Yong, Master’s student in Environmental Design

STEM Category:
1st runner-up: “Dogs and coyotes sharing more than a common environment” by Karla Barcenas Barreto, Master’s student in Biological Sciences.

2nd runner-up: “Finding the way back home: tracking an endangered bat in the Rocky Mountains” by Emma Micalizzi, Master’s student in Biological Sciences.

3rd runner-up: “Brains develop in many shapes and sizes” by Madison Long, PhD student in Neuroscience.

Social Sciences/Humanity/Creative Category:
1st runner-up: “Women orphans of a nation: Refugees memories through amateur lens” by Amanda Zanco, Master’s student in Communication, Media and Film.

2nd runner-up: “Poetic Architectural Drawing” by Mohammad Moezzi, PhD student in Environmental Design.

People’s Choice Award:
“The Colors of Emulsification” by Hector Bonilla, PhD Student in Chemical and Petroleum Engineering.

“Nano-scale dopamine polymer forms kirigami like pattern under the UV-light” by Sultan Khetani, PhD Student.
**Thesis Talk Thursday**
Thesis Talk Thursday is a wonderful opportunity to share stories about the amazing research being done by graduate students at the University of Calgary. Every Thursday graduate students from different faculties and departments will be highlighted across all GSA social media channels. The students will be highlighted through videos, podcasts, or photos with a description of their research.

In 2020-21, Thesis Talk Thursday highlighted 32 graduate students and had over 1,000 views on the website.

**Other New Student Support Initiatives**
- Graduate Student Disability Awards
- Partnership with Mitacs
- Thesis Talk Thursdays
- Policy “Cheat Sheet”
- Hotel Quarantine Program
- FGS Policy Changes for Supervision and Extensions
- Resource Guide for Graduate Students with a Supervisor Conflict
- Resource Page for Teaching Assistants
- Raise $2,000 for the SU Campus Food Bank
Celebrating Excellence

GSA Awards

Excellence in Administrative Support (Support Staff)
Monica Freeman, Department of Mechanical Engineering

Excellence in Administrative Support (Senior Administration)
Dr. Mary Grantham O’Brien
Professor, Department of Languages, Linguistics, Literatures and Culture
Associate Dean, Policy of Faculty of Graduate Studies

Excellence in Research (Graduate Students)
Sina Rezvani, Department of Mechanical and Manufacturing Engineering

Excellence in Supervision
Dr. Nancy Moules, Faculty of Nursing

Excellence in Research (Senior Research Affiliates)
Dr. Elodie Labit, Department of Veterinary Medicine

Excellence in Teaching (Graduate Students)
Dinu Attalage, Department of Civil Engineering

Excellence in Teaching (Senior Instructors)
Dr. Jeff Pieper, Department of Mechanical and Manufacturing Engineering

Leadership Award
Robyn Paul, Schulich School of Engineering
Honourable mentions: Julia Duan, Faculty of Kinesiology; Anthonia Anowai, Cumming School of Medicine

Emerging Leader Award
Chelsea Klinke, Department of Anthropology and Archaeology
Honourable mentions: Kayla Dias, Department of Biological Sciences; Keshia Holloman-Dawson, Faculty of Law

GSA Champion Award
Dr. Leslie Reid, Vice Provost of Teaching and Learning

Lifetime Achievement Award
Harrison Campbell, Werklund School of Education

Graduate Representative Council Distinguished Service Award
Kayla Dias, Department of Biological Sciences

Volunteer Excellence Awards
Andrew Kemle, Department of Political Science
Anthonia Anowai, Cumming School of Medicine
Breni Sharma, Cumming School of Medicine
Robyn Paul, Schulich School of Engineering
Feyisetan Adewale, Schulich School of Engineering

Graduate Student Sustainability Award
Bita Malekian, Schulich School of Engineering

Graduate Representative Council Initiative Awards
- 1st Annual Food Studies Symposium (Chelsea Klinke, Gertrude Korkor Samar, and Simon Koots)
- The PHAS Graduate Assistant Workshop (Pamela Freeman, Becky Booth, Kyle Reiter, Omid Khajehdehi, Davor Curic, Carlton-James Osakwe, Svetlana Kuznetsova, Hadi Zadeh Haghighi, Mahsa Faryadras, Kaitlyn Stenhouse, Pooja Woosaree, Omid Aligholamioskooee, and Anustup Das)
- The Foothills Financial Literacy Workshop Series (Megha Murali, Rachita Panda, and Lucia Otero Varela)
- Encouraging Black and Racialized Applicants Through Admission Reforms (Keshia Holloman-Dawson)
- Software Training (Hector Bonilla and Antonio Garcia Vila)

$52K distributed for GSA Awards
From left, top row: Leslie Reid; Harrison Campbell; Robyn Paul; Chelsea Klinke; Monica Freeman; Mary O’Brien. From left, bottom row: Sina Rezvani, Nancy Moules; Elodie Labit; Dinu Attalage; Jeff Pieper; Kayla Dias; Bita Malekian.

Special thanks to the Awards Committee and its members that:

- Reviewed 128 applications and recommended top 20 applicants for the Alberta Graduate Citizenship Awards
- Reviewed and funded 51 applicants for the GSA Professional Development Grants for a total of $24,648.59
- Presented 5 Excellence Awards, 5 Graduate Representative Council Initiative Awards
Improving Communication

The GSA is committed to fostering direct and constructive communication between the GSA members, staff, and board to promote transparency, trust, and inclusion.
Communication is vital to the GSA. It adds values to our members by providing relevant information about our programs and services through direct and indirect channels, establishing initiatives to foster inclusion, and collecting feedback to improve our services. Internally, communications connect team members, avoid gaps and inefficiencies, foster collaboration which brings out empowerment and success.

**Strategies**
1. Build the GSA brand equity;
2. Collect and publish relevant and current feedback and stories from students, staff, and executives;
3. Continuously review and adjust communications channels based on student feedback; and
4. Publish relevant and meaningful content from the GSA Executives, committees, and subcommittees on student advocacy and GSA services.

**Channels**

**New Communication Initiatives**
- Thesis Talk Thursdays
- Resource Guide for Graduate Students with Supervisor Conflicts
- Question of the Week
- Instagram Trivia
- Survival Guide
- Streamlined templates for GRC Reports
- Updated Cost Calculators
- LRC newsletters
- Surveys
- Live chats on website
- New newsletter format
- Monthly Advocacy Blogs
- New Awards platform

**Collecting Student Feedback**
- Fall 2019 Survey: 238 responses (June 2020)
- GSA Annual Survey: 872 responses (March 2021)
- Return to Campus Survey: 1,104 responses (June 2021)
- Return to Campus Survey 2: 804 responses (August 2021)
- Personal Finances Survey: 450 responses (July 2021)
Annual Survey 2020-21

The GSA administers various surveys throughout the year to collect student feedback. We also run an Annual Survey each March and April to measure student satisfaction with the GSA’s programs and services; and to collect feedback on how to improve them.

872 or 11.7%
UCalgary graduate students completed the 2021 GSA Annual Survey.

Basic Demographics

56% expected to have school-related debt upon graduation.

Most of survey respondents are in a Master’s program.
61% Master’s
38% PhD

Most of survey respondents are in their first or second year of their study (74%).

56% live in rented housing.

63% work full-time or part-time during the academic year.

46% study online. 24% blended and 25% in-person.

94% are in a full-time program.

On average, each respondent uses 1.8 GSA programs and services.

Top services by usage:
Health & Dental Plan Awards
Events & Discounted Tickets
Satisfaction Ratings

- 81% extremely, moderately, or slightly satisfied with GSA programs and services.
- 72% GSA Health and Dental Plan
- 90% events and discounted tickets
- 50% internal advocacy
- 42% external advocacy
- 88% labour relations advocacy

Key Takeaways and Recommendations

Top issues for graduate students are financial security and course quality and academic progress due to the impact of COVID-19 and tuition increases. Employment and mental health concerns are also imminent concerns for graduate students. Meanwhile, the lack of fair wages for academic positions (e.g., Teaching Assistants, Research Assistants) and high fees make it difficult for graduate students to make ends meet.

COVID-19 and the lack of work-life balance bring about stress and deteriorating mental health for graduate students. Respondents ask for more effective mental health support including possible increased coverage for mental health services in the GSA Health and Dental Plan.

International students need more support from the GSA due to the higher tuition charge and lack of government funding during COVID-19. Some support for integration and immigration are highly in demand.

COVID-19 restricts in-person interactions and events. Graduate students therefore feel isolated and for some, feel Zoom fatigued. More social events and discounted tickets should be offered to help connect graduate students during this time. Any offerings that take into consideration different graduate student demographics such as graduate students in Edmonton, with families, distance students would be greatly appreciated.

Graduate students want to see more tangible results in most pressing areas including tuition and fees, affordable housing, UPass, TA/RA support, relationship with supervisors, and mental health.

Even though graduate students might be overwhelmed with information, most want to see more clear communication from the GSA about its programs, services, volunteering opportunities and would like to quickly learn about these services, especially for first year students. For elections, graduate students would participate more if they are informed of the candidates and their platforms.
Improving Organizational Sustainability

The GSA is committed to fostering a nurturing, professional, and productive environment that empowers innovation and risk taking, while maximizing efficiency and impact.
Achieving Organizational Sustainability through the 2019-22 Strategic Plan

Continuous Planning and Implementation

In 2019, the GSA introduced the new Strategic Plan with the focus on four main areas including: Student Advocacy, Service Delivery, Communication, and Organizational Sustainability. Under each focus, the GSA outlines the objectives that are SMART (specific, measurable, attainable, realistic, and time-bound).

Over the past year, the GSA has put major focus on reviewing the objectives, forming strategies, and creating action plans to reach the desired objectives. Currently, a Strategic Plan tracking document has been established and maintained to keep track of the progress of the action items assigned to specific stakeholders to ensure accountability.

Renewed Connection

Since the review and establishment of the action plans and tracking document, the GSA management team is glad to see the commitment from the stakeholders including the staff and executives to the 2019-22 Strategic Plan. The stakeholders are more aware of the tasks assigned to them and how these tasks are a part of the robust Strategic Plan of the organization.

Integrated Communication

It is important to communicate with graduate students on the progress of the GSA Strategic Plan. The GSA has built the four focuses of the strategic plan into reporting templates for board members, Graduate Representative Council, and staff reports. This Annual Report is also closely tied with the Strategic Plan with updates and reports on each of the four focuses.

Forward Commitment

The GSA is committed to the execution of the Strategic Plan and to the vision of becoming the leader in graduate student representation. Therefore, in the 2021-22 academic year, the GSA will continue to track the action items currently laid out in the plan; adjust the objectives, strategies and action items to the changing nature of the organization due to internal and external factors; and host discussion of the Strategic Plan regularly within staff and board meetings.

As 2022 is the last year of the 2019-22 Strategic Plan, the GSA looks forward to introducing the next Strategic Plan with the UCalgary’s graduate student community.
Equity, Diversity, and Inclusion (EDI)

The GSA is committed to fostering an inclusive workplace for the GSA staff, executives, and volunteers as well as to amplify the voices of the oppressed groups including, but not limited to, Black, Indigenous, LGTBQIA+, and people of colour.

During the 2020-21 academic year, the GSA had done significant EDI work alongside with GSA committees and subcommittees.

Statements from the GSA Equity, Diversity, and Inclusion Committee
- Statement on 215 Indigenous children bodies found in Kamloops Residential School
- Anti-Asian Racism Statement
- GSA Statement on Scholar Strike

Statements and Articles from the GSA Gender and Sexuality Alliance Subcommittee
- Transgender Day of Visibility Article
- Open Letter from The GSA Gender and Sexuality Alliance Subcommittee
- Article: How to discuss issues of politics, gender, and sexuality
- Article: How to create an inclusive classroom as a graduate lecturer or teaching assistant
- Article: Challenging the Unjust System: Pride is A Riot

The GSA will and must continue its work in establishing equity in the workplace and in the community. Therefore, the GSA is committed to:
- Learning about racism and anti-racism within the members of GSA Board, Staff, and Senior Leadership Team
- Bringing diverse voices to decision-making tables
- Amplifying the voices of oppressed groups through statements, stories, events, communication, and resources
- Conducting EDI audit for the GSA
- Forming and building the EDI Committee
- Establishing EDI resources and guidelines for internal processes including communication, event, and human resources

Human Resources Sustainability

The GSA strives to enhance staff communication and support to increase employee satisfaction through robust staff engagement, cross-training, ongoing evaluation, and professional development. The GSA understands the importance of mental health in staff satisfaction and efficacy, therefore, the GSA aims to work toward a balanced and healthy workload for all staff and executives and build an inclusive and healthy working culture.
Financial Sustainability

Integrating of Accounting Procedures
Due to the impact of COVID-19 and the GSA working remotely, the GSA was able to setup a digital and integrated system for the approval of payables and processing of payments while maintaining the appropriate financial oversight. The GSA has integrated the accounting software with an approval platform and an electronic payment platform. This has saved the GSA time and money while making the process more efficient and error-free.

Sponsorship and Advertising Program
One objective of the GSA Strategic Plan is to earn 2% of unrestricted revenues through new revenues. The GSA Sponsorship and Advertising Program, therefore, was established to connect with potential businesses to secure monetary and non-monetary donations to the GSA. This is also a way the GSA is able to add value to graduate students through exclusive discount offers, funded events and programs.

Finance Committee Achievements
• Review the results of the GSA annual audit
• Reviewed the GSA and LDL Revised 2020-21 Budgets
• Revise the GSA Investment Policy
• Reviewed GSA financial statements
• Reviewed LDL financial statements
• Reviewed the proposed budget for the GSA, the LDL, Advocacy Levy, Health & Dental, Labour Relations Committee, Professional Development Grants Levy, and Quality Money

Environmental Sustainability

Last Defence Lounge Inventory
With the LDL closing in March 2020 due to the pandemic, the GSA was able to donate over $7,000 worth of inventory food items to the Leftovers Foundation, which is a not-for-profit organization here in Calgary that is committed to fighting poverty, reducing food waste, and saving the environment.

Sustainability Committee Achievements
• Hosted the GSA Sustainability Award Workshop, Vegan Cooking Class, DIY Reusable Beeswax Wraps Workshop, Starting Anywhere Garden with Farmer Kye, Human Right to Clean Water: Context for Canada’s Indigenous Communities
• Partnered with the Office of Sustainability and other associations within and outside of the UCalgary Community such as Bike Calgary, Offline EducSation pilot project, a few DGAs, Roni’s Kitchen, Corner Veggie, and Iniikokaan Centre.

Governance Sustainability

Governance Committee Achievements
• Reviewed 10 GSA policies including the GSA Elections Policy
• Set up the committee to work fully remote

Awards Committee
• Revised Terms of References for all awards, grants, and bursaries to improve clarity and address issues from previous year
• Improved internal awards administrative system and processes for higher efficacy
2020-2021 Financial Statements

The GSA successfully worked with KPMG to complete the audit of the financial statements for the year. In the opinion of the auditors, the financial statements present fairly, in all material respects, the financial position if the GSA as at March 31, 2021, and our results of operations and cashflows for the year then ended in accordance with Canadian Accounting Standards for not-for-profit organizations.

Please see below the GSA’s audited financial statements with year ending March 31, 2021, and comparative information for 2020.

For more information, please email the GSA VP Finance and Services at vpfs.gsa@ucalgary.ca

Moving Forward to 2021-22
The Graduate Students’ Association (GSA) welcomes newly elected officials for the 2020-2021 academic year after our 2021 General Election held on March 8 and 9. The voter turnout was 7% seeing 508 current UCalgary graduate students voted at this election out of a total of 7,156 eligible voters. This year, the election was hosted mainly virtually due to the pandemic’s restrictions.

The GSA would like to congratulate the elected officials for the upcoming 2021-2022 academic year:

- President: Tanille Shandro, PhD Student in Chemistry
- Vice President Academic: Alex Paquette, PhD Student in Geoscience
- Vice President Student Life: Kabita Baral, PhD Student in Veterinary Medicine
- Vice President Finance and Services: Mary Zhang, PhD Student in Geoscience
- Vice President External: [currently vacant, to be filled in a by-election]
- Associate Vice President Labour: Keira Gunn, PhD Student in Pure Mathematics

The Associate Vice President (AVP) Labour position was acclaimed by Keira Gunn prior to the campaign period as per GSA Bylaws. This will be Keira’s second term in this position since she was first elected in this position in the AVP Labour By-election in October 2020.

The GSA by-election for the VP Finance and Services was hosted on April 27, 2021. The Graduate Representative Council representatives casted the vote according to the GSA Bylaws for the by-election and elected Kirsten Neprily to become the Vice President External for 2021-22.

Newly elected officials at the online Election Results Announcement event on March 10, 2021
From left to right, top to bottom: Keira Gunn, Mary Zhang, Alex Paquette, Tanille Shandro, Kabita Baral.
Welcome 2021-22
Board of Directors

Tanille Shandro, President
PhD Candidate in Biophysical Chemistry

Portfolio:
• GSA Bylaws & governing documents
• All GSA affairs and operations
• Collective Agreement
• Your voice to the Board of Governors and governments

Committee: Governance Committee; Equity, Diversity and Inclusion Committee
Email: pres.gsa@ucalgary.ca

Alex Paquette, VP Academic
PhD Candidate in Geoscience

Portfolio:
• GSA Awards and Professional Development Grants
• Academic appeals and student issues
• Workshops and professional development

Committees: Academic Support Committee, Awards Committee
Email: vpa.gsa@ucalgary.ca
Kabita Baral, VP Student Life
PhD Student in Comparative Biology and Experimental Medicine

Portfolio:
• Events and discounted ticket sales
• Departmental Graduate Associations (DGAs) and Graduate Student Groups (GSGs)
• Student experience

Committees: Student Experience and Events Committee, Mental Health and Wellness Subcommittee, GSA Gender and Sexuality Alliance Subcommittee (or GSA²), Events Subcommittee, Newcomers and International Students Subcommittee, Community Engagement Subcommittee

Email: vpsl.gsa@ucalgary.ca

Kirsten Neprily, VP External
PhD Student in Educational Psychology

Portfolio:
• Municipal, provincial, and federal advocacy
• External relations

Committee: Advocacy Working Group, Residence Consultation Committee

Email: vpext.gsa@ucalgary.ca

Mary Zhang, VP Finance & Services
PhD Student in Geoscience

Portfolio:
• Health & Dental Plan (H&D)
• GSA and Emergency Bursaries
• Last Defence Lounge

Committees: Finance Standing Committee, Sustainability Committee

Email: vfps.gsa@ucalgary.ca
